

WASWUG 2012 – How To Log In to Connect

This “How To” is for those that have already logged in to Connect for the first time and have created a profile. If you have not done this yet, please view the “Creating & Updating Connect Profile” document for instructions.

Go to <http://www.waswug2012.org/connect>
If your screen looks like this, you are logged in.

The screenshot shows the WASWUG 2012 Connect website. At the top left is the WASWUG 2012 logo with the tagline "Sharing Knowledge | Cultivating Growth & Understanding". To the right, it says "March 11-13 Bellevue, WA" and "Complete Session Schedule available. Registration now open." Below this is a navigation menu with tabs: Home, Attendees/Registration, Presenters, Exhibitors, Accommodations, Session Schedule, Connect, Awards, Admin. Underneath is a secondary menu with "Activity", "My Profile", "My Network", "account", "logout", and a search bar. The main content area is divided into two columns. The left column has an "Activity" section with a post from Krista Fleming about WASWUG Connect 2012. The right column has a "Browse Attendees" section with filters and a grid of user profiles including Krista Fleming, Don Denny, Mandy Maher, Sean Fleming, Shannon Epps, and Alton Ho. Below that is a "Popular Profile Answers" section with interests like Camping, Cooking, Gadgets, Gaming, Gardening, Ham Radio Emergency Communications, and Home Cheesemaking.

If your screen looks like this, you need to login by clicking “login” by the blue arrow.

This screenshot shows the same website but with a login prompt. The navigation menu is the same, but the "Connect" tab is highlighted. Below the navigation menu, there is a "create a profile | login" link. A blue arrow points to the "login" link. The main content area has a heading "WASWUG Connect 2012" and a paragraph explaining that the site is restricted to approved members and that discussions start on October 2011. It also mentions that users who attended WASWUG 2011 can access 2011 Presentation Files. The footer contains contact information for WASWUG and WSIPC, and mentions the website is powered by CrowdVine Event Social Networks.
